

Code Coverage - Some examples of what you can use

For Java Code Coverage:

Use Jacoco plugin with updated pom.xml

```
<plugin>
  <groupId>org.apache.maven.plugins</groupId>
  <artifactId>maven-surefire-plugin</artifactId>
  <version>3.2.5</version>
</plugin>
<plugin>
  <groupId>org.jacoco</groupId>
  <artifactId>jacoco-maven-plugin</artifactId>
  <version>0.8.14</version>

  <executions>
    <execution>
      <goals>
        <goal>prepare-agent</goal>
      </goals>
    </execution>

    <execution>
      <id>report</id>
      <phase>test</phase>
      <goals>
        <goal>report</goal>
      </goals>
    </execution>
  </executions>
</plugin>
```

For Python Code Coverage:

```
coverage run -m pytest
coverage report -m
```

For Android Code Coverage:

```
ng test --coverage
```

Or when using npm:

```
npm test -- --coverage
```
